Our pavilions are built to withstand strong winds and heavy snow loads, with engineering drawings certified by a licensed engineer in your state. Sizes begin at 10x10 and go up to 20x32 and larger. We have an excellent team of skilled craftsmen

using modern woodworking machinery. Each pavilion is built with precision, then carefully inspected to ensure it passes our high standards of quality. Select the style and options that you desire, then enjoy the moment... after all, it's your pavilion!
