OUR STORAGE BUILDINGS ARE BUILT BY
 Skilled Amish Craftsmen

On Front Cover
 12x20' 7' A-Frame - Vinyl

Siding: Clay
 Trim: White
 Roof: Black
 Timberframe: Birch
 Options: Standing Seam Roof, Timberframe
 Porch, 2-Panel Plank Fiberglass Doors, Stone
 Wainscoting on Porch
 (Bucks County Gray)

On a drive through Amish Country, one cannot help but notice the farm buildings. Many of these were built by our grandfathers and their fathers before them. Our forefathers have handed down a legacy of lasting values that we use to build your storage buildings.

Build it to last • Build it to function • Build it to look good in the neighborhood

Each of our structures is built to your specifications with the utmost attention to detail. Choose from a variety of floorplans, shapes and sizes to meet your needs.

Specifications

***Architectural drawings available upon request.**

4x4 Placement for Sheds

Stone Pads

Do it right and install a stone pad! It acts as a filtration bed, keeps you from hitting your shed with a lawnmower or weed whacker, keeps your structure in a level position. We can also deliver a building with no floor. We build it with a 6x6 treated base, and deliver it on a monolithic concrete pad that is poured to the provided measurements.

Stone Pad

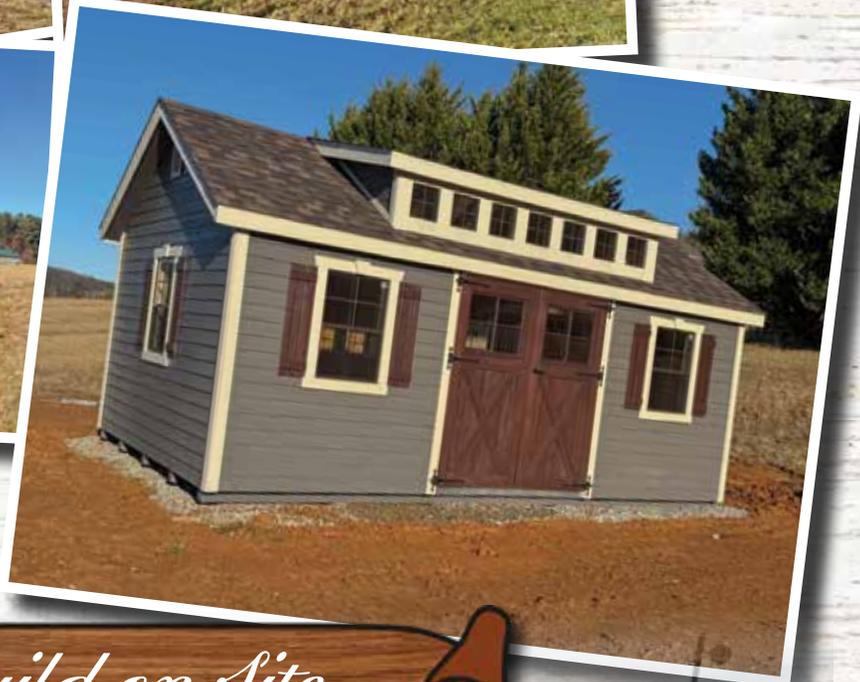

Stone Pad

Monolithic Pad

Delivery

Build on Site

Can't have your structure delivered pre-assembled? No problem. We can bring it in a prefab kit and assemble it on site.
